

Established 1964
Animal Training & Coordination
Second Unit Coordination & Camera
Wildlife Film Library

Birds & Animals UK® endeavors to provide consistent quality animal talent to the production of films, television and commercial programming. We were at the forefront of establishing safety protocol and standards of care for animals utilized in the motion picture industry and remain dedicated to such principles.

Our team of top animal trainers and animal talent have been instrumental in producing creative, memorable, award winning entertainment and advertisement for over forty years.
